

One automated **email** for every step of the journey.

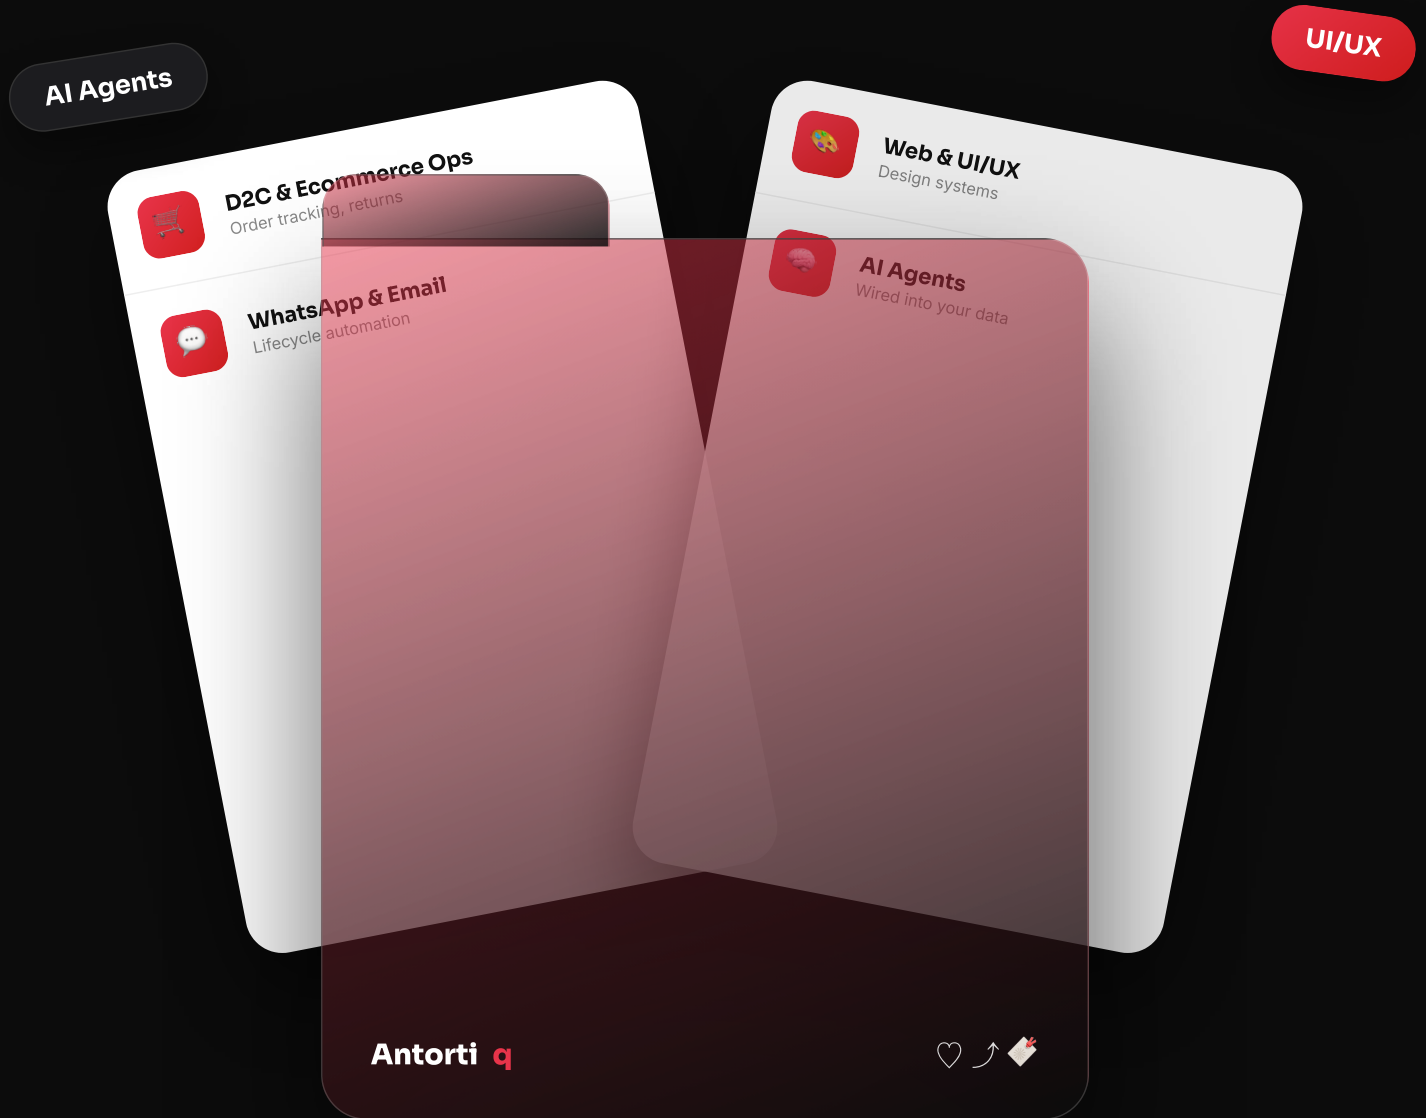

10 branded emails. Placed → Confirmed → Packed → Shipped → Delivered.

Built for the **customer**, not just the dashboard.

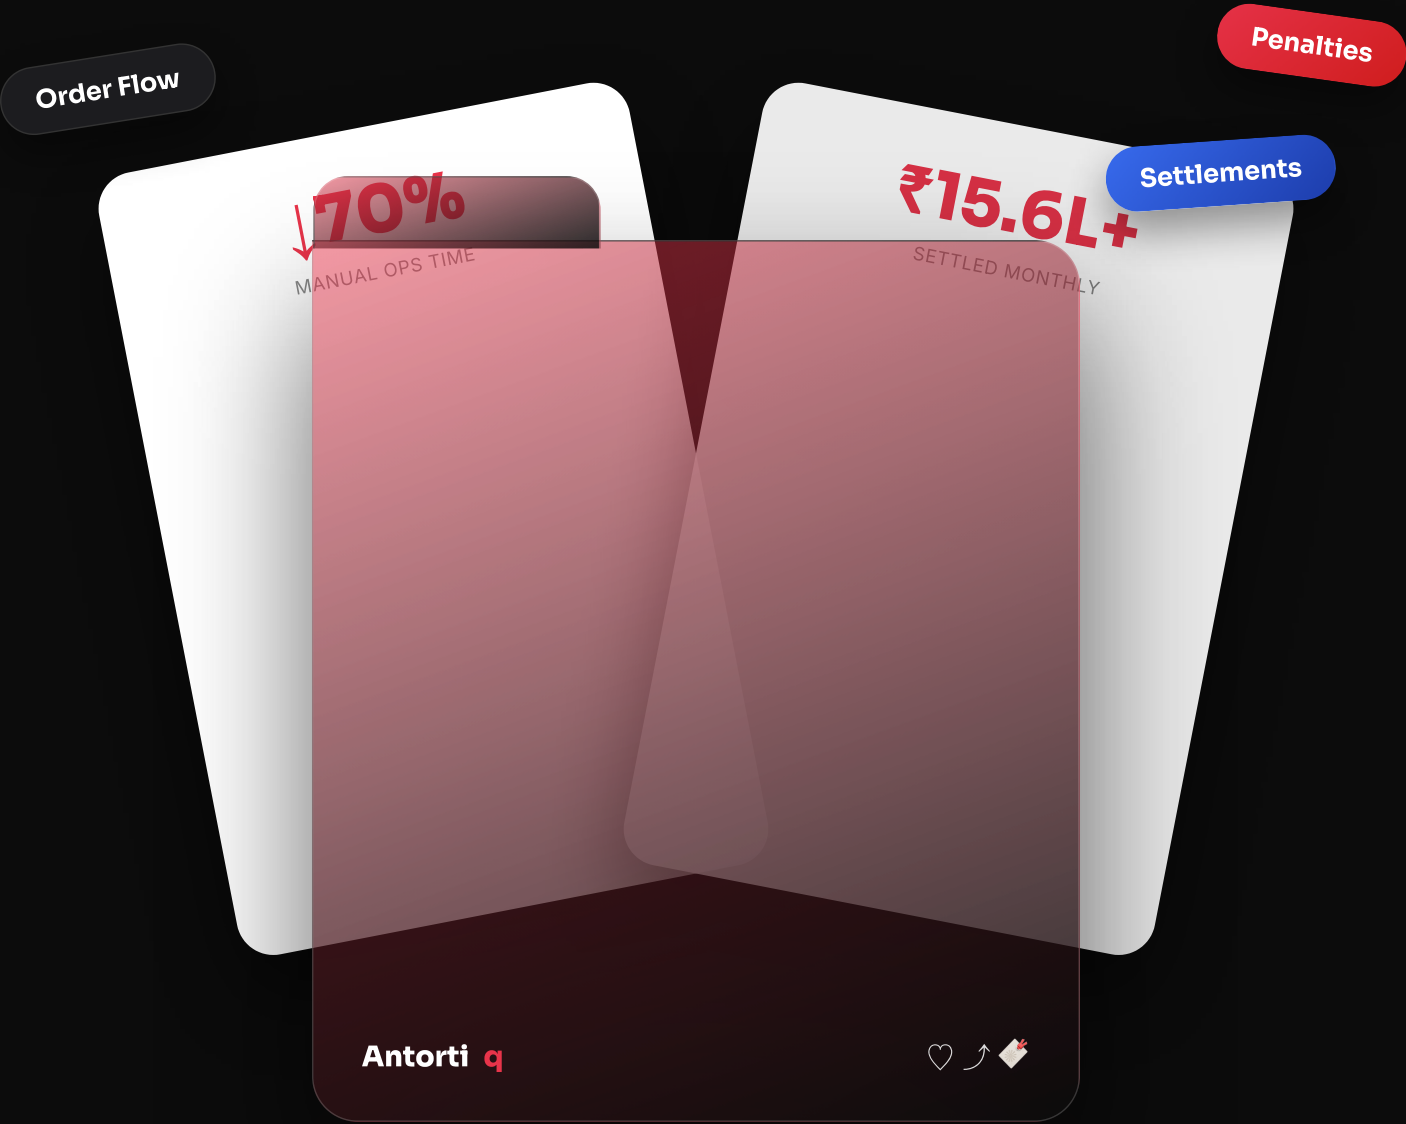

Live tracking, confirmation flows & self-serve exchanges — all white-labelled.

One studio. Every **layer** of the stack.

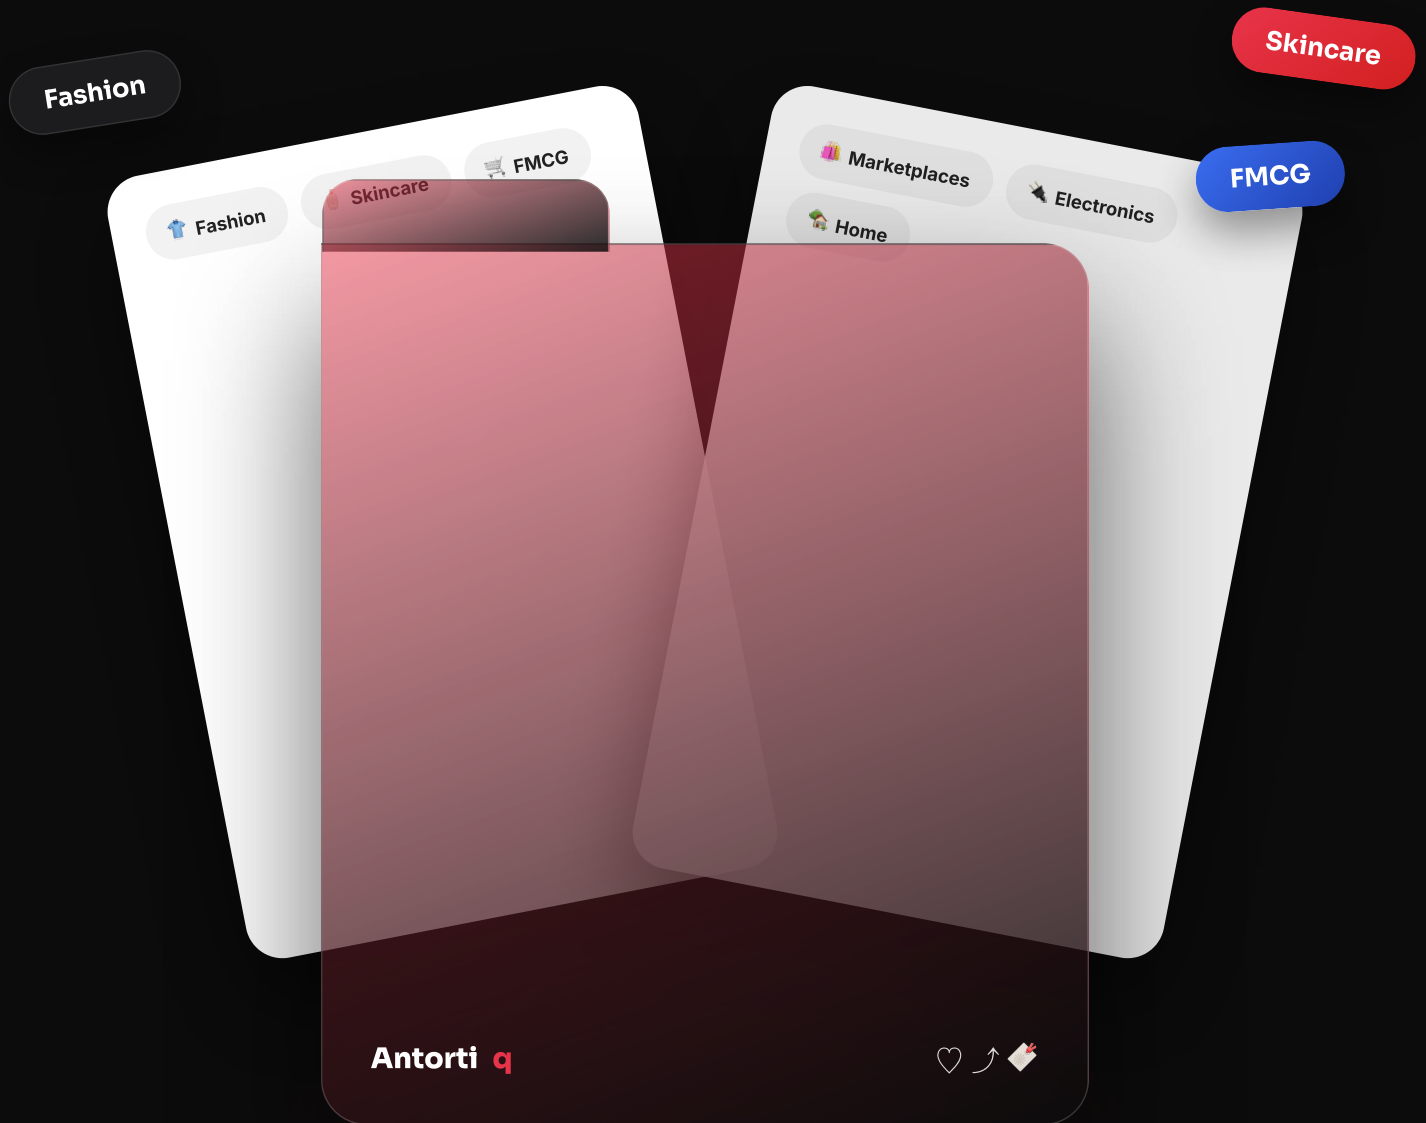

Backend portals, automation, AI agents & the UI that ties it together.

Real systems. **Real** numbers.

YourBrand runs on the same engine — live, today.

Built for D2C & ecommerce — and what's next.

8 verticals served · one operations engine.

Let's build your **next system.**
